AMERICAN JOURNAL OF CLINICAL HYPNOSIS
VOLUME 30, NUMBER 4, APRIL 1988

Index by Authors

Brett, P.J. — See Spanos, N.P. 139–150
Clarke, J. H. & Persichetti, S. J. — Hypnosis and concurrent denture construction for a patient with hypersensitive gag reflex 286–289
Cochrane, G. J. — Hypnotherapy in weight-loss treatment: Case illustrations 20-27
Conway, A. W., Freeman, L. J., & Nixon, P. G. F. — Hypnotic examination of trigger factors in the hyperventilation syndrome 297–305
Cross, W.P. — See Spanos, N.P. 139–150
Crumpacker, C. — See Surman, O.S. 125–131
Dormaar, J. M. M. — February man revisited 28-35
Dupree, J. — See Reilley, R.R. 132–138
Echterling, L. G. — Contrasting stage and clinical hypnosis 277–285
Elkins, G. R., Gamino, L. A., & Rynearson, R. R. — Mass psychogenic illness, trance states, and suggestion 267–276
Frauman, D.C. — See Lynn, S.J. 36–43
Freeman, L.J. — See Conway, A.W. 297–305
Fourie, D. P. & Lifshitz, S. — Not seeing the wood for the trees: Implications of susceptibility testing 166-177
Frischholz, E. J., Spiegel, D., Trentalange, M. J., & Spiegel, H. — The Hypnotic Induction Profile and absorption 87-93
Gamino, L.A. — See Elkins, G.R. 267–276
Gravitz, M. A. — Early uses of hypnosis as surgical anesthesia 201-208
Hammond, D. C., Haskins-Bartsch, C., McGhee, M., & Grant, C. W. — The use of fractionation in self-hypnosis 119-124
Hahneman, L.E. — See Zlotogorski, Z. 51–56
Haskins-Bartsch, C. — See Hammond, D.C. 119–124
Hodge, J. R. — Can hypnosis help psychosis 248–256
Kluft, R. P. — The simulation and dissimulation of multiple personality disorder 104-118
Kluft, R. P. — The withheld eye-roll sign 9-19
Kluft, R. P. — On treating the older patient with multiple personality disorder: "Race against time" or "make haste slowly?" 257–266
Koe, G. G. & Oldridge, O. A. — An experimental investigation of the interaction between hypnotic responsiveness and type of esteem suggestion on self-concept 44-50
Kraft, W. — See Reilley, R.R. 132–138
Kraft, W. — See Rudolfa, E. 161–165
Kumar, V.K. — See Pekala, R.J. 57–65
Kuttner, L. — Favorite stories: A hypnotic pain-reduction technique for children in acute pain 290–296

Leskowitz, E. — The third eye: A psychoendocrine model of hypnotizability 209-215
Lifshitz, S. — See Fourie, D.P. 166–177
Libbey, P. — See Olness, K. 1–8
Lynn, S. J., Snodgrass, M. J., Rhue, J. W., Nash, M. R., & Frauman, D. C. — Attributions, involuntariness, and hypnotic rapport 36-43
McCue, E. C. & McCue, P. A. — Hypnosis and the elucidation of hysterical aphonia: A case report 178-182
McGhee, M. — See Hammond, D.C. 119–124
Menary, E.P. — See Spanos, N.P. 139–150
Murray-Jobsis, J. — Hypnosis as a function of adaptive regression: An integrated theoretical model 241–247
Mutter, C. B. — Posttraumatic stress disorder: Hypnotherapeutic approach in a most unusual case 81-86
Nash, M.R. — See Lynn, S.J. 36–43
Nixon, P.G.F. — See Conway, A.W. 297–305
Oldridge, O.A. — See Koe, G.G. 44–50
Olness, K. & Libbey, P. — Unrecognized biologic bases of behavioral symptoms in patients referred for hypnotherapy 1-8
Pekala, R. J. & Kumar, V. K. — Predicting hypnotic susceptibility via a self-report instrument: A replication 57-65
Persichetti, S.J. — See Clarke, J.H. 286–289
Reilley, R. R., DuPree, J., Rodolfa, E., & Kraft, W. — Attitudes toward the ethical use of hypnosis: An interdisciplinary study 132-138
Reilley, R.R. — See Rudolfa, E. 161–165
Rhue, J.W. — See Lynn, S.J. 36–43
Rudolfa, E. — See Reilley, R.R. 132–138
Rynearson, R.R. — See Elkins, G.R. 267–276
Rudolfa, E., Kraft, W. A., & Reilley, R. R. — United States and Canadian regulation of hypnosis use by psychologists 161-165
Snodgrass, M.J. — See Lynn, S.J. 36–43
Spanos, N. P., Brett, P. J., Menary, E. P., & Cross, W. P. — A measure of attitudes toward hypnosis: Relationships with absorption and hypnotic susceptibility 139-150
Spiegel, D. — See Frischholz, E.J. 87–93
Spinhoven, P. — Similarities and dissimilarities in hypnotic and nonhypnotic procedures for headache control 183-194
Surman, O. S. & Crumpacker, C. — Psychosocial aspects of herpes simplex viral infection: Report of six cases 125-131
Trentalange, M.J. — See Frischholz, E.J. 87–93
Torem, M. S. — Ego-state therapy for eating disorders 94-103
Venn, J. — The Stanford Hypnotic Clinical Scale and a group of obstetrical patients 66-70
Wilensky, M. S. — Use of hypnotic imagery for self-diagnosis 195-200
Wiggs, E.A. — See Zlotogorski, Z. 51–56
Zlotogorski, Z., Hahneman, L. E., & Wiggs, E. A. — Personality characteristics of hypnotizability 51-56
